**MEDICINE***netBASE*

Superior Online Content for Students & Professional Researchers

**Over 1343 Volumes Currently Online**  
**Print Value: Over \$410,000**

**UPDATED CONTINUALLY!**  
**Over 590,000 Pages of Content**

An in-depth eBook collection, MEDICINetBASE puts authoritative and practical references on topics ranging from cardiology and clinical neuroscience to dermatology and gastroenterology in the armamentarium of the clinicians who need them on a daily basis. The resources cover the science behind the latest developments and their practical application as well as future trends in treatment and diagnostics. As of January 2013, CRC Press is now publishing Informa Healthcare Medical titles.
