

SciFinderⁿ Beyond bibliography, a true intelligence driven platform for scientists

- A powerful **relevance** algorithm
- A **user-friendly** interface
- A platform for **machine learning** and **AI**

A new
technology

- Includes **PatentPak** : the deep searching patent module
- Includes **MethodsNow Synthesis**: the module giving access to synthesis protocols
- Includes the **Retrosynthesis planner** module
- Added **experimental spectra** with enhanced graphic
- NOW Includes **Formulations** content!

Additional
content

- Allows to open **multiple windows**
- **Citation map**
- Search and filter on a single page
- ChemDoodle
- Keep the **history** of searches and ability to **re-run** searches
- Powerful **Markush** search

New features
