**ProQuest**

The basic search page gets a makeover

**Source type limiter**
The new limiter above the basic search will display the top three to four source types available within the users selected databases.

**You are searching...statement**
To better orient researchers who start their search from the basic search page, a statement will be added that tells them how many databases they are searching.

**Search tips**
To better support researchers at the point of need, thoughtfully placed help panels will provide search guidance at the point of the most need.

You are searching...statement

To better orient researchers who start their search from the basic search page, a statement will be added that tells them how many databases they are searching.

You are searching 15 databases containing scholarly journals, videos & audio, dissertations & theses, magazines and more...
The basic search page gets a makeover

**Search tips**

To better support researchers at the point of need, thoughtfully placed help panels will provide search guidance at the point of the most need.

- Use quotes around terms to search an exact phrase
- Adding AND between words narrows your search, OR broadens it
- View web tutorials for an introduction on using our search forms
- Search the Help documentation
